In the Bulletin this week:
- Staffing 2016
- Year 12 HSC Results

It is my pleasure to welcome staff, students and parents to the 2016 school year. Over the break there have been a multitude of activity including the Year 12 HSC results, refurbishment of the Boarding Houses together with preparations for the year ahead. In addition we have a large number of new staff as outlined below. You will note there has been an emphasis on providing additional teachers to further support students with their learning. I am extremely pleased with the high quality of applicants for positions and the subsequent staff appointments that have been made. Clearly the Kinross Wolaroi School community is one that many wish to be a part of.

At the first Senior School assembly, we celebrated Foundation Day – KWS was 130 years old on 27 January. We have a number of occasions throughout this year to continue our celebrations and honour the considerable progress and achievements of KWS.

Dear Parents
Thank you to the families who were able to attend the P&F ‘Meet & Greet’ last week. A great opportunity for our new and returning parents to come together.

Last year a Student Representative Council was formed and have laid the foundation for students to have a ‘voice’ in our school. A student from each class from Year 1 to Year 6 has been elected by peers to represent them. The elected representatives meet each week to discuss ways and promote ideas to the students who were announced as representatives.

We have always encouraged our students to ‘have a go’ and this year already this is clearly evident. Our music ensembles have been very well attended and in the case of Percussion numbers have been capped. In Debating 19 students ‘had a go’ in trials to represent the school. In the Kidslit programme 35 students vied for a place in one of three teams. It is most pleasing to see students availing themselves of the opportunities.

This year we are also promoting the idea of ‘Every face has a place!’ Everyone is important and welcome in all activities within the School. Some succeed to a high standard and are recognized. It is important to value the contribution of every one whether it be in the classroom, playground or in the co-curricular area.

In association with the phrase we are encompassing the Kids Matter framework which has its foundations in the well-being of all. In this bulletin is further information. Staff have had some professional development in this area and this will continue throughout the year. A most worthy cause.

Enjoy your week.

Encouraging Bus Travel 2016

To decrease the amount of traffic within school grounds Prep Students are being encouraged to catch the bus home after school. Students who catch the bus will be given a “Catch the Bus Bonus” card by the teacher on duty at Allenby Rd bus stop and the school bus bay behind the gym. When a student has collected five cards they can exchange them for a Middleton’s Ice block on a Friday lunchtime at the round garden. Only 5 cards can be exchanged at a time.

We thank all parents and students for supporting bus travel and we hope the students enjoy the ice block reward.

All Prep children arriving on buses must obey regulations and safety procedures as set out by the bus companies.

All Prep children must wait for and be supervised by the teacher on duty for afternoon departures.

Children wait at the Allenby Rd gate and are sent to their respective bus by the teacher on duty.

Kids Matter Primary

Good mental health is vital for life. Children who are mentally healthy are better able to meet life’s challenges and have stronger relationships with the people around them. They are also better learners who are more likely to succeed at school. Good mental health in childhood provides a solid basis for managing changes as they grow.

On the other hand, children who are exposed to multiple stressors – such as a family breakdown, poverty, abuse, racism, bullying or mental illness of a parent – are at a higher risk of developing emotional or behaviour problems that can continue into adulthood.

It’s not always possible to tell which children will develop difficulties, so it’s important to consider the well-being of all children.

The good news is that Kids Matter Primary is all about growing healthy minds. Kids Matter is a mental health and wellbeing framework that helps schools focus on the development of all their students in partnership with families. It was developed by mental health and education experts and has already made a difference to the lives of Australian Children.
Over the next two years the Preparatory school will be using the Kids Matter Framework and staff will be undertaking training. Families are the biggest influence on children's mental health and play a very important role in Kids Matter. Children benefit when the important people in their lives work together and have a shared understanding of their development and their needs.

In the next couple of weeks parents will be given an opportunity to complete a short survey which will help the school plan and support children in the coming years. Your assistance with the completion of the short survey is greatly appreciated. Further details will be emailed to parents and an opportunity to fill in the survey will be available at the parent teacher interviews in week 5.

SRC 2016

The SRC is the Prep School’s Student Representative Council. This group is made up of students who are democratically elected by their fellow students from their class. SRC members represent all the students
in the school and organise ways for students to participate and contribute to their school community. It is also important as our school grows that the children have an opportunity to have their ideas heard and make positive changes to our school environment that are driven by students for the students.

Over the last week, the children in Years 1-6 have participated in small group work within their classes to identify qualities in leaders. They also highlighted people from their class who they consider would make a good class representative for SRC.

Last Wednesday the Prep School held their election day. With many strong nominations from each class the results have been finalised.

I would like to welcome the following students to the SRC for 2016:

Year 1    Kaydn McLachlan & Willa Paix
Year 2    Olivia Wilson & Lexi Wilkin
Year 3    Maya Bracks & Isaac de Bruyn
Year 4    Sarah Choi & Andrew May
Year 5    Fletcher Smith & Gordon Suthers
Year 6    Sameeka L'Estrange, Harrison Sharpe & Saxon Buckley

I look forward to the year ahead and working with a fine group of students.

An assembly will be held later in the term to recognise the important role these students have in our School.

**Fundraising**

The main fundraising event for the Camkids charity is the Outdoor Movie Night, which has been running since 2014. This event is the major fundraising event supported and run by the year 12 cohort. This year the Movie Night will be held on Friday, 26 February 2016 and the movie showing will be “Inside Out”. This night is open to the wider Orange community and is the major fundraiser to support the Cambodian
Children’s Charity.

We are seeking support from local businesses through sponsorship. There are two options for donations:
1. $100.00 - Still shot of Business Logo
2. $200.00 - DVD advertisement (up to 1 minute)

The business on-screen advertising will occur on the movie night before the film begins.

ALL profit made from the movie night is donated straight to Camkids and 100% of the money goes directly to the needs of the children. There is no middle-man.

If you would like to support this initiative, please contact either the Mission Prefects, Emma Haege and Jack Ridley, or myself.
