The KWS Pedal Prix Team

This team is in its infancy, with 2011 being the first year KWS will enter the Australian International Pedal Prix. Interest has been strong from students, with over 55 people nominating to be competitors.

The Australian International Pedal Prix began in 1984 and has since grown into a significant annual event, with the final race of the series being a 24 hour endurance event. This race attracts over 30,000 spectators and 3,500 competitors in 230+ teams. Each team designs, builds and races a Human Powered Vehicles (HPV's), driven by a seated (recumbent) rider. Top teams will travel over 1000km during the 24 hour period.

KWS Pedal Prix Team, with the generous support of its sponsors, has entered a team in the Category 3 section (senior high school students) of the final series race. The team is now in the process of building their HPV and will soon begin training and trials. The KWS Pedal Prix Trailer, has been built, with a canopy soon to follow. Much will need to be done to organise our trip to Adelaide for the weekend of September 17-18.

If you would like to support or sponsor the team please contact Mr David de Bruyn on 6392 0322 or send an email to pedalprix@kws.nsw.edu.au
